

Develop and Training Policy

We develop employees to become a well-balanced person who has professionalism with pursuing customer satisfaction and advanced business skills as well as human skills with respecting social ethics.

<Tera Probe's "ABC">

Action... Be a proactive person who focuses on customer satisfaction and results.

Baseline... Be a person who understands the importance of the basics and strictly comply with the rules.

Challenge... Be a person who always pursues possibilities and aspires to grow together with the company.
